THE COUNTY NEWS.

GATHERED BY OUR ALERT CORRESPONDENTS.

The Events of the Week From Nearly Every Town in Summit County—What "The Times" Representative Has Found in Various Places.

DRAMAS.

Heavy frost, here on Friday night. Mr. and Mrs. Drew, of Hahn of Mill Creek, have been visiting friends in Kanab for a few days.

Mrs. Duncan of Heber is at the Kanab house.

The latest man made happy is an addition to his family is Mr. Joe Lambert, it is a tottering girl.

Mr. Seth Pitt and Miss Ann Evans were made one at Coalville last week. Their many Kanab friends congratulate.

Mr. Dave Anderson and family started for Mine Valley, Wayne county, last Thursday. They expect to reside there.

The Camp will be removed to Water Canyon, and in a few days will be in running order. It will run steadily from now on.

Mr. F. M. Flanagan of the Coalville Town and Heber branch were in Kanab on business on the 30th.

Mrs. Selma Pack, who has been very ill for some time, is now recovering.

The Kanab "Kid Nine," who were challenged by the Oakley club, went to that place on Saturday last and played a friendly game. Kanab carried off the laurels, the score standing 6 to 5.

A lively race took place on our principal street Sunday evening between Fred Davis's black, and a buckskin belonging to the Hooters. The black broke eight several times, which was doubtless the reason. Mr. Hunter carried off the stakes, a cow and a thousand feet of lumber.

OAKLEY.

Marion Fraser and family spent Saturday and Sunday in Park City with Will Richards.

C. S. Work came over from the Park to see the boys play ball last Saturday, also to see his sweetheart.

Several of the boys went to Park City to see the elephant last Monday.

W. H. Stevens has quit milking for a short time and is learning to shear sheep, at which he is quite an expert.

The ball game was a giveaway on our part with Kanab; 64 to 33 in favor of Kanab. Our boys claim that instead of playing Kanab as they expected, they played Kanab, Dismark, and Woodland. Come again, boys, and we will not let some of the towns in the north end of the county.

We had about four inches of snow on Monday and Tuesday, which was highly appreciated by the farmers. S.

PEOA.

E. M. West, representing the Ogden Standard, was in town last week soliciting advertisers.

Ola Jensen, Levi Pearson, James Woolstenhulme and Elmer Walker were the speakers at the meeting here on Sunday.

The worst windstorm we ever had commenced on Sunday morning and ended on Monday evening in a snowstorm which covered the ground with the "beautiful." Some snow and hail fell on Tuesday and Wednesday. At this writing there is about three inches of snow and it is still falling. The weather has been quite cold and disagreeable with no prospect of a change just yet.

J. C. Hendry, who was bishop of the Wardship, died at a number of years, died at St. David, a illness, on May 21st, and was laid to rest at that place on May 22, 1895. The deceased was well and favorably known throughout the territory and in this county especially, where he had a host of friends. He leaves a large family to mourn his loss, most of whom reside in this place.

Quite a number of our citizens went to Park City on Monday to take in the circus.

It is reported that the citizens of Oakley are going to have a petition presented to the county court, praying to have the main county road leading to the canyon closed up, which, if done, would force the travel around by Oakley, the proposed route is out of the way and to a great inconvenience to the many who do business to and from the canyon. The citizens of Poca enter their strong protest against the change and will petition the honorable court to that effect.

The petition favoring the removal of the county seat from Coalville to Park City is meeting with but little success in Poca, a great majority of the citizens favoring Coalville, but should a change be desired by a majority of the people,

would favor it. The citizens of Poca are not to be deceived. Let the county seat remain where it is, for the present at least. The \$5,000 offered by Park City to build a new courthouse would hardly make a foundation in the kind of a building needed, and there are no tight just now to tax the people for what we can get along without a few years longer. Park City is to be commended for its enterprise and desire to have the county seat, but the citizens should not be too easily in this matter. Let well enough alone, and hereinafter said do not vote for the move on this people beyond what they are able to pay.

A special meeting of the members of the Church of Jesus Christ of Latter Day Saints of the Poca ward will be held on Saturday evening, June 8, 1895, at 7 o'clock, when matters of importance will be brought before the meeting. Elder L. John Nuttall of Salt Lake will be in attendance. At 7:30 of the same evening the members of the Relief Society will meet, when matters of importance will be brought before them. It is requested that a full attendance be had and that they be on time. The meeting will be held in the schoolhouse.

Herbert A. Lyons, who has been under the doctor's care in Salt Lake for the past three weeks, is improving, and it is expected that he will be able to return home in a week or two. The young man has an affliction in the eyes and was losing his sight. His sister, Mrs. Little Miles, is in the city taking care of him while under the care of the doctor. It is pleasing to learn that Herbert will not lose his sight and that he is very much better.

The Hite brothers are loaded with fine goods and it is a pretty sight to see the fountains and green lawns peeping out from under the snow.

It is feared that a deer will follow the storm we are having and that the fruit buds will be injured more or less.

WASHSHIP.

A match ball game between the Washship and the Heberville first nine was played here on the 30th. The score stood 24 to 14 in favor of Washship.

E. M. West was visiting around town last week soliciting subscriptions for the Ogden Standard.

Thomas Daniels has moved his family down from Park City. His family will stay here for a while, until he goes out to Big Pine, Wyoming, to locate a mine. He and his brother, Stephen Daniel, who has a home there, started on the 25th.

Geo. W. A. Rold, young shipped a car of potatoes east on the 30th.

Not a great many of our citizens attended the Synodists circus this week.

The trees were mostly loaded with the "beautiful" on Tuesday. Some of the limbs were broken off by the weight. We also had a snowstorm on Tuesday night. If we can get over this storm without a frost the fruit will be all right, we think.

THE TELEPHONE LINE.

As per notice given in THE TIMES, calling a meeting here on the 25th, with regard to the telephone line, quite a number of the towns were represented. F. H. Wright of Coalville was elected chairman and Geo. W. Young of Washship secretary. A letter received from the Rocky Mountain Bell Telephone Company making the following propositions, was read: "If the citizens would furnish and set, pooled red pine poles, 25 feet long, six inches through at the small end, four feet in the ground and thirty to the mile, between Coalville and Kanab, the company would furnish and string the wire and furnish insulators and brackets, operate and maintain the line with a reasonable tariff rate over same, the ownership of the line to be with the company. "The other proposition was that if the citizens will purchase, one on each to one-half of the cost of the line, three cents to be used in service over the line in their own value, the company will build it, the cost is estimated at 1200. The meeting decided to consider the first proposition. A committee was chosen in the evening to look up the matter and see what can be done. It will do, and report at another meeting to be held in Washship. The following is the committee chosen: South Kanab, Geo. C. Pack; North Kanab, John R. Seaton; Oakley, E. H. Smith; Poca, O. F. Lynde; Jackson, John Horton; Washship, Geo. Carter; Heberville, C. H. West; Coalville, F. H. Wright and E. H. Rold. The meeting suggested the following apportionment to be made to the various

towns to furnish poles and set them. Coalville, six miles, Heberville, three miles; Washship, three miles; Heber, two miles; Poca, four miles; Oakley, three miles; North and South Kanab, three miles. The secretary was instructed to write the company for further information and the meeting adjourned subject to the call of the secretary.

Geo. W. Young, Secy.
N. B. Since the meeting was held I have received word from the company, and they will accept tomorrow or tomorrow next poles, and will build the line via Kanab. I leave the 8th day of June at 2 o'clock p. m. for the above named committee to meet at Washship, and to come prepared to say what each town is willing to do in the matter. The committee will please accept this as due notice.

Geo. W. Young, Secy.

the Rich County Anti-Slavery Association, and might recommend some amount of cattle growers, for this county. The results to be had from a society of this kind are evidently many, and every person wants it. All that we need is for some to take an active part and push to an organization.
